

## **Press release**

Fulda, 12/05/2025

### **RETTmobil 2025: Europe's Leading Exhibition for Rescue and Mobility Launches at Full Speed**

Fulda in a State of Emergency – for a Good Cause: From 14 to 16 May 2025, the Hessian city of Fulda will once again become the hub of the emergency services world. RETTmobil International – Europe's leading specialist exhibition for rescue and mobility – is opening its doors. With more than 500 exhibitors from 25 countries, high-profile expert lectures and gripping live demonstrations, the 23rd edition of the event remains the key industry meeting for professionals and decision-makers in the emergency and rescue sector.

### **Shaping the Future – with Strong Partners Alongside**

This year's patron is Georg Khevenhüller, President of the Malteser Relief Service – a partnership that sends out a clear signal: "With Mr Khevenhüller, we are once again providing key impetus for the entire emergency services industry," says exhibition director Manfred Hommel.

### **Experience It First-Hand: Spectacular Live Rescue Exercise on Thursday**

A highly realistic highlight awaits visitors on Thursday, 15 May 2025 at 2:00pm: Fulda Fire Service and the Malteser Relief Service Fulda will carry out a dramatic medical and technical rescue following a collision between a car and an agricultural vehicle. Multiple casualties – trapped and under extreme time pressure – will be rescued live under realistic conditions. Location of the exercise: Wolf-Hirth-Straße, side entrance to the exhibition grounds.

### **From Practice – For Practice: Workshops & Expert Forums**

Under the motto "*Knowledge Saves Lives*", RETTmobil offers an extensive programme of continuing professional development, focusing on topics such as:

- Resuscitation, major events, emergency care for newborns, special hazard scenarios, and mass casualty incidents
- Hands-on training in airway management, emergency ultrasound, bleeding control, leadership and communication, and CPR feedback systems

The popular LUKAS RESCUE LEAGUE workshop brings real-life operational conditions into the exhibition three times a day: Emergency personnel will train live in handling electric vehicles during accidents, supported by the Fulda Fire Service.

## **Exhibitor Highlights**

RETTmobil is also a platform for technological breakthroughs and innovative vehicle and product concepts:

- Ambulanz Mobile presents the European premiere of the KTW NOVARIS / HORNIS Twinline, under the theme *“Innovation Meets Sustainability”*
- SYSTEM STROBEL showcases a patient transport vehicle with a self-developed high roof based on the Ford Transit Custom, as well as a new stretcher chair with detachable electric crawler
- Wietmarscher Ambulanz- und Sonderfahrzeug GmbH embodies the motto *“Rescue Knows No Borders”*, presenting an ambulance for the Dutch market, a German RTW, and a fully electric ambulance
- Björn Steiger Foundation and MINTMASTERS will demonstrate the RescueBee Hive drone hangar system live on site

## **Off-Road Course: Vehicles in Extreme Conditions**

The legendary off-road demonstration course invites visitors to hop in and be amazed. Renowned companies will showcase the capabilities of their specialist vehicles:

- Daimler Truck AG – Unimog U5023
- German Red Cross (DRK) General Secretariat – DRK Unimog ambulance, Scania 6x6 truck
- EDAG Engineering GmbH – Ford Defender
- THT Polička – Tatra TLF

- Iveco Magirus AG – Daily with tipper body

## **Meet the Experts: Engaging in Open Dialogue**

The “Meet the Experts” format brings together professionals from hospitals, ambulance services, and government agencies for direct dialogue with attendees. Key topics include the urgent need for reform in emergency medical services and emerging challenges in pre-hospital emergency care.

## **RETTmobil 2025 – More Than Just an Exhibition: Where Innovation Saves Lives!**

Whether you’re a decision-maker, frontline responder or developer – RETTmobil brings together everyone working to protect lives.

Open daily from 9:00am to 5:00pm.

Tickets and further information: [www.rettmobil-international.com](http://www.rettmobil-international.com) or available at the on-site ticket office.

Free parking and a shuttle service from Fulda ICE railway station are available for all visitors.
